锡兰殖民地货币的简介

随着锡兰这个神秘岛国的独立，并予新命名为现在的斯里兰卡。结束了其由葡萄牙到荷兰，最终由英国殖民者统治了三百多年的殖民货币体系。锡兰货币体系由于不具有现代商业发行性的特点及不流通性的特征，使其有别于其他货币的体系，其系例更加得到加强扩大。

锡兰货币是我最喜欢的一种收藏品。由于受到时间广度的限制，锡兰殖民地的实际货币发行并不巨大，因此，从一个收藏者的角度来看是可以收集完整的。这些硬币发行种类繁多，而且设计精美，足以吸引其他硬币收藏者。在当地被印上“辅币”记号以及正反两面都印上标记的硬币都具有各自独特的吸引力，并自成一套系列。标有完整日期的硬币系列都配有惹人喜爱的设计。1892年是唯一能收集到一套完整的拥有各种币值(从1/4分的铜币到50分银币)样币的一年。1892年的这套样币已包含在这个收藏里(216项)。

被印上锡兰最具代表性图案的硬币，一系列富于象征意义的纪念币，反映咖啡对锡兰的重要性，以及精细的纪念章系列，都使得锡兰的辅币系列，主币及正反压印品硬币系列更加丰富多采。

这套荷兰和英国殖民者统治时期的锡兰硬币被认为是现存的私人或博物馆收藏品中包括在过去100年中，在硬币收藏领域被拍卖的著名的收藏品系列，最精美，最完整的。

理查·福特

INTRODUCTION

THE COLONIAL COINAGE OF CEYLON

With the arrival of independence and the name change of this mystical island from Ceylon to Sri Lanka in recent times, a gentle end was brought to a wonderful colonial coinage series that spanned about three hundred years from the Portuguese to the Dutch and finally to the British issues. The stature of the great series of Ceylon coinage was further enhanced by being free of modern commercial issues and non-circulating nonsense issues, which plague so many other series.

Ceylon "has it all", and is certainly the favourite area of my collection. For the time span involved, the actual number of issues for Colonial Ceylon is not enormous and is certainly containable from a collector's viewpoint. There is enough variety of issues and beauty of design to challenge and appeal to any coin collector. The locally struck "dump" and counterstamped issues have a unique charm all of their own and are a great series in their own right. The tidy date series is accompanied by lovely proofs, 1892 being the only year possible to assemble a full, complete proof set of all denominations from the copper $\frac{1}{4}$ cent up through the silver 50 cents. An 1892 complete proof set is included in the collection (lot 216).

Dump issues and regular coinage, plus the counterstamped issues, are further enriched by a small but gorgeous group of patterns struck for Ceylon (all known patterns are represented), a challenging series of tokens, reflecting the importance of coffee to Ceylon and, generally, a nice selection of medals.

This comprehensive collection of colonial Dutch and British Ceylon coinage is believed to be the finest and most complete assemblage extant, either private or public, and includes pedigrees from the most notable collections auctioned in this field over the past one hundred years.

序 言

查理福特的锡兰硬币收藏品中包括有荷兰英国殖民地统治时期(1658-1795-1972)的各种硬币，一套各种各样的纪念章和各式各样与锡兰有关的纪念币。据收藏者自己介绍，这些收藏品是目前现存的私人和博物馆收藏品中最精致，种类最齐全的。

据行家们认为，这些硬币的品质是很好的，尤其是那套由当时荷兰殖民统治者发行的，由铜锡和铅制成的辅币系列和由英国殖民统治者发行的银币和铜币(1802-1815)。

这些珍贵的收藏品包括：

一枚1684年的，持有B戳记(代表Batavia)，在锡兰被发现的荷兰马德勒支金币。这枚金币很可能是世上独一无二的。

持有Java(爪哇)VOC和Colombo(科伦坡)戳记的波斯银币。

一枚1691年的荷兰马德勒支金币乃一枚有Colombo(科伦坡)戳记的土耳其苏丹金币，这两枚金币都可能是世上绝无仅有的。

1784年和1787年的科伦坡卢比

持有科伦坡戳记的中国古钱

1783年在Jaffna铸造的荷兰旧辅币(由锡兰铸造)。

Pridmore 收藏品，包括1812年的 “Two and One Rix Dollar” 。

90多枚的精制币。其中8枚是纯金的，其中有1904 5分的铜币。

一套非常完整的辅币

以上这些收藏品的出处凡是知道的都已在目录上标明，这些珍贵的收藏品大都出自科伦坡的Nadir Batuvantudave的私人收集品。

以上目录的编别得到G.P.Dyer先生，博物馆及图书馆馆长，Royal造币厂和E.G.V. Newman先生的大力帮助。

FOREWORD

The R. J. Ford Collection of Coins of Ceylon comprises coins of the Dutch and British periods 1658-1795-1972, together with a comprehensive series of Tokens, and various Medals relating to Ceylon, and, to quote the owner's comments in the Introduction, is believed to be the finest and most complete extant, either private or public.

As might be expected the quality of the coins is high, especially for the comprehensive series of "dumps", the Dutch issues in copper (and tin and lead) of various mints, and the British issues, 1802-1815, in silver and copper.

The many rarities include:-

A gold ducat of Utrecht, 1684, countermarked B for Batavia, found in Ceylon, probably unique.

Persian silver coins countermarked for Java, VOC and Colombo.

A gold ducat of Utrecht, 1691, and an Ottoman gold sultani, countermarked for Colombo, both perhaps unique.

Colombo rupees of 1784 (both dies) and 1787.

Chinese cash countermarked for Colombo.

Unique tin double stiver, 1783, struck at Jaffna.

Patterns - all those listed by Pridmore, including the Two and One Rix Dollar of 1812.

More than 90 Proofs, including 8 struck in GOLD, and the copper 5 cents, 1904.

A comprehensive run of Tokens.

Where known provenances are given in the catalogue, but some of the most important pieces were undoubtedly from the collection of Nadir Batuvantudave of Colombo.

As on previous occasions, the cataloguer has been helped by Mr G. P. Dyer, Curator and Librarian, Royal Mint, and by Mr. E. G. V. Newman, OBE.

∴ This piece exhibits some puzzling features. Though listed by Pridmore as a Proof, it is not of proof quality, both dies have positive rust marks, the reverse die is cracked, and it no way compares with the brilliant specimen in the Royal Mint collection which is from different dies, when only one reverse die was (thought to be) in existence. The weight is only 55.26 grains against a standard of 70 grains (3.68 grams against 4.53 grams): the edge has been rolled on, with characteristic overlaps at 180°, probably before striking.

There are a number of examples of matt proofs in the Royal Mint Collection, widely dispersed geographically and ranging in date from 1902 to 1917 (silver only, no details of bronze pieces). Graham Dyer, Curator and Librarian, can throw no light on why they were struck but is inclined to blame de Saulles for introducing the practice with the Diamond Jubilee medal. Like other artists since, he felt that a dull non-reflective surface enabled the design to be seen to best advantage.

Included in the Royal Mint Collection are specimens of the 50 Cents and 25 Cents, 1902, of Ceylon. Other matt proofs in the Ford Collection were sold in Spink Coin Auction 79 (lot 436, British Guiana, and lot 514, British Honduras) and Spink Coin Auction 88 (lot 214, East Africa and Uganda Protectorate).

CONDITIONS OF SALE

- 1 The highest bidder for each lot shall be the buyer thereof. In the event of any dispute, the auctioneer shall have absolute discretion to determine the dispute and may put up again and re-sell the disputed lot.
 - 2 The auctioneer shall have absolute discretion to divide any lot, to combine any two or more lots, or to withdraw lots from the sale without giving any reason. The bidding shall be regulated at the absolute discretion of the auctioneer who shall have the right to refuse any bid or bids. No person shall offer any bid of less than US\$1. Postal commissions should be made to the nearest US\$5 where possible.
 - 3 All lots are put up for sale subject to any reserve price that may be imposed by the seller. The seller shall be entitled to bid personally or through any other person (who may be the auctioneer) and to withdraw any lot or lots either personally or through the auctioneer.
 - 4 Bidding commissions for anyone unable to attend the auction in person may be carried out by the auctioneer without charge, but "buy" commissions will only be accepted if the auctioneer is given absolute discretion.
 - 5 The buyer of any lot shall immediately furnish his name and address to the auctioneer and, if required,
 - (a) provide bank or other credit references; and
 - (b) pay the full purchase price, or a fractional deposit as may be determined at the discretion of the auctioneer.
 - 6 Lots are sold as shown with all faults, imperfections and errors of description. Neither the auctioneer nor the seller shall give any warranty to any buyer in respect of any lot, or be liable for any fault or error of description, or lack of genuineness or authenticity of any lot. All statements as to the items sold, whether made in catalogues, during the course of the auction, or otherwise, are statements of opinion only, and are not and shall not be taken to be statements or representations of fact. The auctioneer reserves the right in forming his opinion, to consult and rely upon any expert or authority considered by him to be reliable. Notwithstanding the foregoing, if any lot should be proved by the buyer to be a forgery or re-print, or to have been wrongly described in any material respect, the buyer may reject the same, provided that he shall have given notice of his intention to do so and shall have returned the same to the auctioneer within fourteen (14) days from the day of the sale. Under no circumstances will the auctioneer be liable for any costs, expenses or damages incurred by the buyer in respect of any lot, including, but not limited to, loss of any kind of profit whatsoever. Bidders are advised to scrutinise the lots they bid for.
 - The auctioneer guarantees all items offered in the catalogue to be genuine. Claims to the contrary must be made in writing within fourteen (14) days after receipt of materials.
 - Questions on a coin being a proof or business strike relate to method of manufacture but not on authenticity.
 - No lot may be returned after thirty (30) days after the sale.
 - 7 The auctioneer acts solely as an agent and shall not be responsible for any default by either the buyer or the seller or for any action or claim which may arise in respect of any lot.
 - 8 Buyers must satisfy themselves as to the accuracy of their purchases at the time of delivery. The auctioneer cannot be held responsible for any discrepancy which might be discovered after the lots have been removed from either the auction room or the auctioneer's premises.
 - 9 The auctioneer will not hold himself responsible for the safe custody of any lots left for more than seven (7) working days after the date of the sale, and reserves the right to charge storage and to re-sell by auction or privately, and without notice to the buyer, any lots not removed from his premises within fourteen (14) days from the date of the sale. Buyers shall not be entitled to remove lots from the auction room during the course of the auction.
 - No lot may be returned without the consent of the auctioneer.
 - If the auctioneer agrees to the return of any lot, it must be contained in its original, sealed and unopened container.
 - 10 Each lot shall be at the buyer's risk from the fall of the hammer.
 - 11 All lots delivered in Singapore are subject to Goods and Services Tax (GST) at the prevailing rate. But lots delivered outside Singapore to non-Singapore residents are not subject to GST.
 - 12 Any part of the purchase price, GST included, left outstanding after the auction pursuant to Condition 5, shall be paid in full within thirty (30) days of the date of the auction. Without prejudice to any other rights, the auctioneer reserves the right to charge interest on any overdue payment at the rate of two-and-a-half percent ($2\frac{1}{2}\%$) per month. Seven (7) working days' notice must be allowed for the clearance of personal cheques before delivery can be made, unless prior arrangements have been made with the auctioneer. Payment by credit card shall not be accepted for auction purposes.
 - Late payment for any reason is just cause for revocation of all return privileges.
 - 13 Buyers accepting commissions from other parties do so at their own risk and will remain responsible to the auctioneer for full settlement according to these Conditions.
 - 14 By making a bid the buyer acknowledges his acceptance of these Conditions and shall be bound by them.
 - 15 If any buyer fails to comply with any of these Conditions, the lot or lots in respect of which the failure is made may at the discretion of the auctioneer be put up again and resold. The damages recoverable from the defaulting buyer shall include, but not be limited to, the auctioneer's expenses and commissions in respect of the resale, the amount (if any) by which the price obtained on the resale and GST imposed at the prevailing rate is exceeded by that obtained in the first sale.
 - 16 A variation of these Conditions shall only be binding on the auctioneer and the seller if it is made in writing and signed by a duly authorised representative of the auctioneer.
 - 17 In these Conditions, the auctioneer means Taisei Stamps & Coins (S) Pte Ltd and Baldwin's Auctions Ltd.
 - 18 These Conditions shall take effect and be construed in accordance with the provision of Singapore Law.
 - 19 **A "Buyer's Premium" of ten percent (10%) is charged on the hammer price, but there is no additional charge for executing bids. All premiums are subject to GST at the prevailing rate.**
- Note:**
- Your attention is drawn to Condition 12. After thirty (30) days, interest will be charged on any amount of the purchase price left outstanding at $2\frac{1}{2}\%$ per month, including GST.
 - All sales prices are in **United States Dollars**.

ADVICE TO POSTAL BIDDERS

- 1 Return your commission forms sooner than later, as bids are recorded in the order that they are received. Where two bids are received for the same amount, the bidder whose commissions arrived first is the buyer, subject, of course, to bids from the floor.
- 2 If you are late with your bids, use the telex, send a cable or telephone. Telephone bids can be accepted, although we would ask for the bid figures to be confirmed in writing as we cannot accept responsibility for mistakes.
- 3 All commissions are handled in the strictest confidence and, if successful, the lot is knocked down in the name of "TAISEI".
- 4 The auctioneer will normally increase the bidding in 10% jumps. We would ask postal bidders to keep their bids to the nearest multiple of US\$5 or US\$10. Bids of US\$101 will be treated as US\$100, and similar "odd" amounts will be rounded down to the nearest actual bid at the auctioneer's discretion.
- 5 It is important to realise that we will try to obtain the lot bid on for the lowest possible price, and we fully appreciate the fact that the bids given are the maximum figure that the bidder is prepared to pay for any lot.
- 6 We are happy to handle bids for customers who are interested in a number of lots, but wish to spend only a limited amount of money. Bidders are advised to mark their bids in the usual way and then clearly state the maximum amount they wish to spend.
- 7 In a similar way, if bidders wish to bid on a choice of two items, they should clearly mark on the commission form "either/or".
- 8 Please remember to give full details as to how the lot or lots are to be dispatched. Successful bidders will be sent an invoice immediately following the auction, and the general rule is that this must be settled in full before the item or items are dispatched. Insurance and postage are to be borne by successful bidders.
- 9 If there is any query before an auction about any item in the sale, or regarding a method of bidding, remember we have several overseas offices which can assist, and we in London and Singapore are only a telephone call or fax message away.
- 10 A "Buyer's Premium" of ten percent (10%) is charged on the hammer price, but there is no additional charge for executing bids.
- 11 All premiums are subject to GST at the prevailing rate.

PAYMENT

Mode: Payment shall be made in United States Dollars in the form of cash or cheques drawn on a United States clearing bank, or by means of a banker's draft or telegraphic or cable transfer directly to the auctioneer's bank account, quoting the original invoice number. Unless prior arrangements have been made, and payment is made by any other means, the customer will be liable for any bank or collection charges incurred.

- By cheque/bank draft: payable to Taisei Stamps & Coins (S) Pte Ltd.
- By telegraphic transfer: MTB Bank, ABA #026012894, 90 Broad Street, New York, NY 10004-2290, USA, for account of Taisei Stamps & Coins (S) Pte Ltd, Account #67413.

Currency: The sale will be conducted in United States Dollars. Full

settlement will be expected also to be in United States Dollars. Bank cheques in United States Dollars can be easily purchased within the United Kingdom. Payment made in Pounds Sterling will, of course, be accepted. BUT the customer will be responsible to Taisei Stamps & Coins (S) Pte Ltd and Baldwin's Auctions Ltd for all bank charges and any differences in the exchange rates upon conversion.

Full Settlement: Full settlement is due on receipt of invoice. No items will be dispatched except to established account customers, unless full payment has been received.

Account Customers: Full settlement is due within thirty (30) days of the sale taking place. After that time, any amounts owing will be subject to interest (2¹/₂% per month) in accordance with the CONDITIONS OF SALE printed in the catalogue.

MISCELLANEOUS

Commission Buying: All commissions handled by Taisei Stamps & Coins (S) Pte Ltd and Baldwin's Auctions Ltd are treated in the strictest confidence and are "knocked down" in the name of "TAISEI".

Estimates: The figures in the list printed below each lot are the auctioneer's estimation of the expected price and are published as a guide for buyers.

Prices Realised: A list of prices realised is issued immediately following each sale. Customers wishing to receive copies earlier are asked to send in US\$1 (or the currency equivalent).

The auctioneer regrets that it is impractical for accounts to be charged for such a small amount. No list will be sent without full payment.

V.A.T.: For buyers of coins within the United Kingdom, coins that are less than 100 years old are subject to V.A.T. on importation and coins purchased on commission through, and invoiced by, Baldwin's Auctions Ltd in London will reflect this charge. V.A.T. will not feature on any invoices raised in Singapore. Therefore, unless we are given any specific instructions, all invoices will be raised in Singapore.

Singapore Coin Auction catalogues 19 & 20 available at US\$25 (S\$35) & US\$35 (S\$50) respectively.
